Project Title:
EcoBuy - SDG 12

Instructor: Mr. Nelson Sana

Name:	No Matric:
MUHAMMAD HARIZ AZIM BIN KHAIRUL AZRIN	A211126

PROBLEM STATEMENT

Unsustainable consumption is a growing problem. Many people buy products without considering their environmental impact. This leads to waste, pollution, and overuse of resources.

SOLUTION

A simple app like *EcoBuy* can help users find and choose eco-friendly products, encouraging more responsible consumption.
